

All Businesses Are At Risk For A Cyber Attack. **FIPCO** can help you protect your business.

Operating without a Cyber Plan is no longer an option

Did you know that 90% of all cyber breaches are successfully executed through targeting employees who are not cyber prepared?

Our partner, ThreatAdvice can help protect your business! Their affordable, best-in-class cyber education, awareness, and intelligence platform will help you understand the vulnerabilities and risks your business faces and will arm you with the knowledge and tools to protect your organization.

ThreatAdvice educates your people, assesses your risk environment, and provides real-time threat intelligence so that **YOU AND YOUR TEAM** are cyber-prepared.

"What I did in my youth is hundreds of times easier today. Technology breeds crime, so ongoing, non-technical employee cyber education is a must in keeping any enterprise safe. I highly recommend ThreatAdvice."

Frank Abagnale, former Catch Me If You Can con-artist turned FBI consultant

Frank Abagnale
